100 day TB campaign - Hon'ble Deputy speaker Mr.Rajavelu visited the Nettapakkam camp site today and observed the campaign activities. Later he distributed nutritional supplement packs to patients on TB treatment and follow-up at Nettapakkam PHC.

🔄 1 ❤️ 1 📌

Marcuise N Marak @Bh · 3h

The 100 Days Campaign under the Ni-Kshay Shivir, an Initiative of the Ministry of Health & Family Welfare, Govt of India, is a transformative effort to accelerate the elimination of tuberculosis (TB) in India, and I am proud to have attended the 100 Days TB-Free Camp organised by the Samanda C&RD Block Office in collaboration with the office of the District TB Officer, and the DM&HO East Garo Hills District.

With a focus on 33 states in India, 5 districts in Meghalaya, this campaign aims to create widespread awareness, reduce stigma, and ensure holistic care for TB patients through innovative strategies.

Key actions include providing Rs. 1000/month nutritional support through the Ni-Kshay Poshan Yojana, training and empowering TB Champions, and hosting TB Forum meetings in each district. The campaign links patients with Ni-Kshay Mitras to provide food baskets for them and their families.

As a committed supporter, I have adopted a TB patient and I will continue to provide my support to ensure the well-being of those affected. Local community supporters and youth involvement play a pivotal role, with training for teachers and students to bridge the gap between health services and the community.

By promoting teamwork using technology, and supporting local efforts, the 100 Days TB-Free Camp is a big step toward making India free of TB by 2025. Together, we can ensure every patient gets the care they need in the fight against TB.
