Dear Data Enthusiasts,

The Open Government Data (OGD) Platform India (data.gov.in) was established by the National Informatics Centre (NIC), Ministry of Electronics and Information Technology (MeitY), under the aegis of National Data Sharing and Accessibility Policy (NDSAP). The platform serves as a tool for various Ministries/Departments/States /Organizations to publish and manage their datasets through a designated Chief Data Officer (CDO). All published datasets available on the platform are free for the citizen and in compliance with the Government Open Data License (GODL).
